

PALEN IN ALUMINIUM

POTEAUX EN ALUMINIUM

Structurele, modulaire en decoratieve sierpalen.

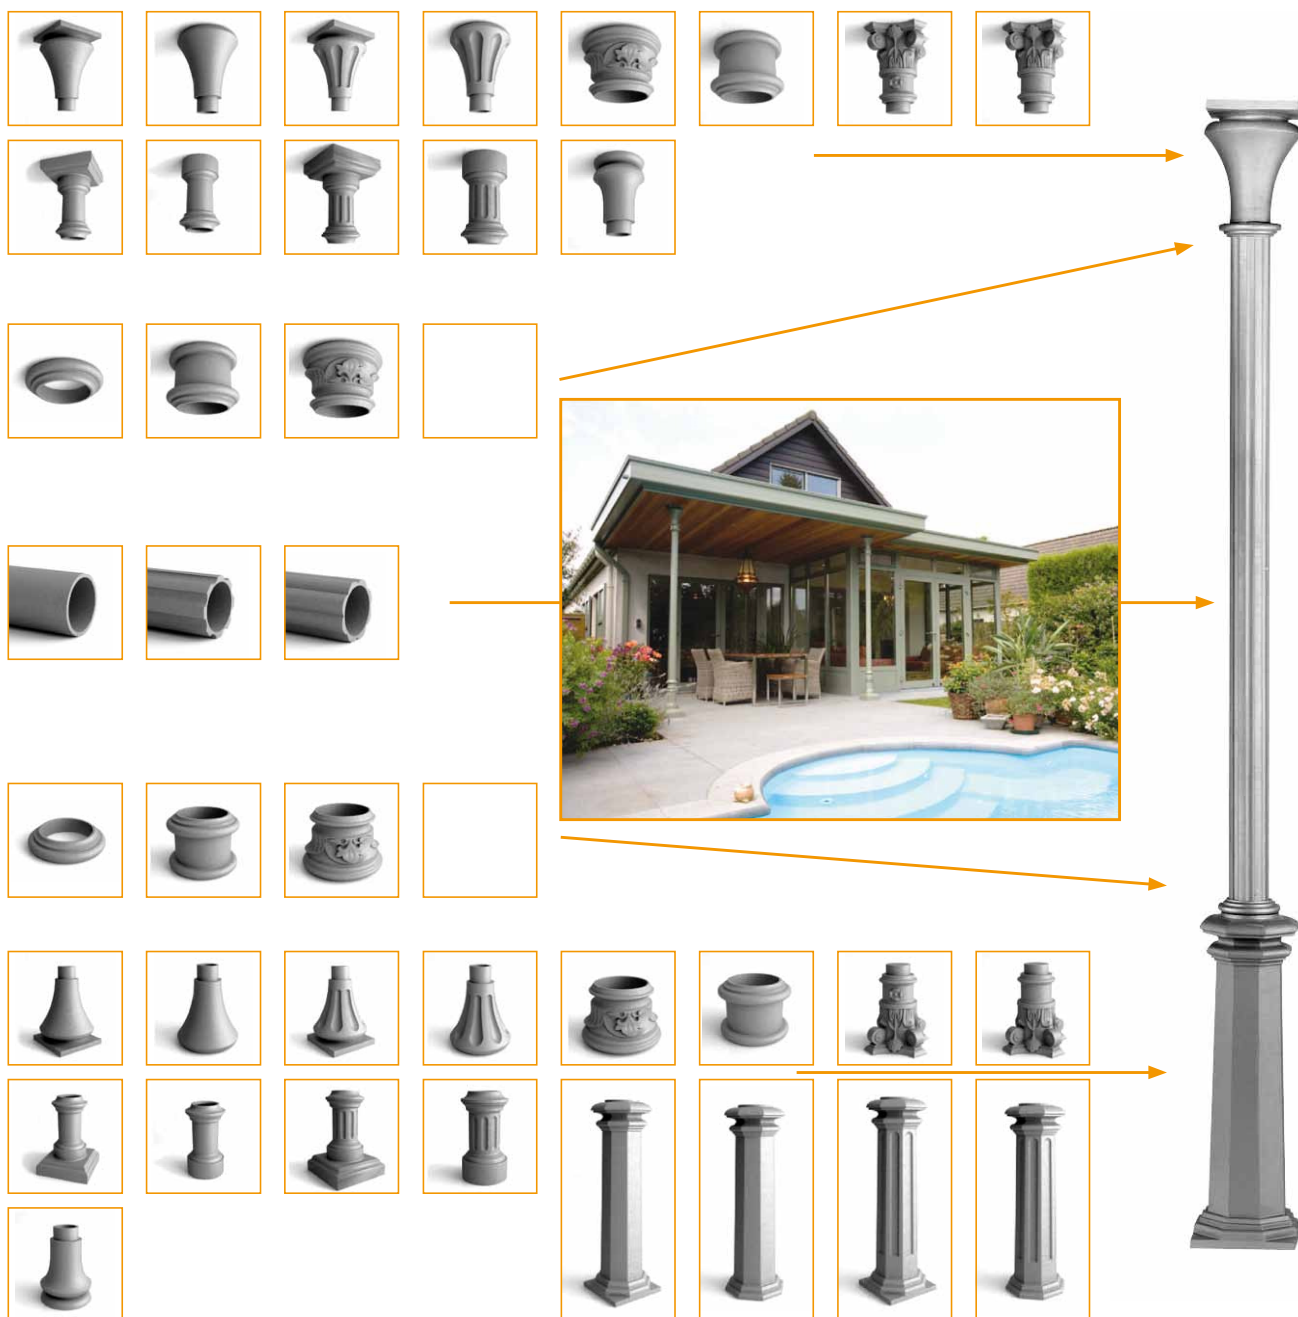

Het systeem van decoratieve en structurele kolommen is modulaair opgebouwd. U stelt uw kolom of sierpaal samen op de manier die u wilt uit de elementen van onze catalogus: kapitelen, schacht (drie maten, drie lengtes, glad of gekarteld) en basement die we leveren in kit. Dit modulaire ontwerp maakt honderden combinaties mogelijk van kolommen of sierpalen.

Colonnes, piliers et poteaux décoratifs.

Le système des colonnes décoratives et structurelles est modulaire. Vous composez votre colonne ou poteau selon les éléments de notre catalogue: chapiteau, fût (3 dimensions, 3 longueurs, lisse ou crénelé) et l'embase que nous livrons en kit. Avec ce système modulaire il y a plusieurs centaines de combinaisons possibles.

Voorbeeld diameter 80.

Exemple diamètre 80.
